

THE RESERVE AT THE DOMINION

When San Antonio Realtors recommend a builder to the city's top CEOs and celebrities, Roberto Kenigstein usually leads the list. He and his team of professionals share one philosophy—always give the client more than they expect. Over the last 30 years, his enthusiasm for building difficult but interesting projects hasn't diminished. He has won numerous awards for his clients' homes—as well as his personal home—which was placed on the coffee table book cover of Dream Homes of Texas, chosen from over 300 entries.

AWARD-WINNING VISIONARY BUILDER

Image Homes has received accolades for its beautiful homes, including many Summit Awards from the Greater San Antonio Builders Association, Star awards from Texas Association of Builders, and awards from the San Antonio Parade of Homes. Recent awards include 2017's Best New Custom Home \$1M to \$2M and Best Architectural Design \$1M to \$2M.

Image Homes builds on the north side of San Antonio as well as areas within 30 to 45 miles of the city limits. Their projects typically range from 3,000 to 19,000 square feet and are priced from \$500,000 to \$5 million.

CUSTOMER SATISFACTION

Roberto's primary goal is customer satisfaction, so he maintains a service department that specializes in rapid response at any time of day or night. "There should never be a time," says Roberto, "that a client cannot reach us to ask a question or express a concern. Client communication is critical." From the project managers to the accounting staff, every member of his team maintains a working knowledge of each project. "We like very much to get involved in the design of the house with the clients. I work with the client and the architect to make sure their house plans accurately reflect their ideas. It is so satisfying to help clients visualize their dreams and watch them become reality."
